## **EXAMINER'S STATEMENT OF REASONS FOR ALLOWANCE**

### ***Response to Arguments***

1. Applicant's arguments filed 17 January 2007, with respect to rejection under 35 U.S.C. §112, first paragraph, have been fully considered and are persuasive. The rejection of claims 1-3, 5-10 & 19-22 has been withdrawn.

### ***Election/Restrictions***

2. Independent claims 1-2 are in condition for allowance. As indicated in the Species Restriction mailed 13 July 2004, upon allowance of the generic claims, applicant is entitled to consideration of claims to additional species written in dependent form. Accordingly, the species restriction is withdrawn and claims 11-18 & 23-36 will now be considered on the merits.

### ***Allowable Subject Matter***

3. Claims 1-3 & 5-36 are allowed.

4. The following is a statement of reasons for allowance: The closest prior art of record, WULF & MISENHIMER, fail to teach or reasonably suggest each and every limitation of the instant invention. Specifically, the prior art references fail to teach or reasonably suggest the claimed washing apparatus having the combination of, *inter alia*, a washing tank with stirring blade comprising a rotatable disk with only upwardly extending protrusions detachably coupled to a base with rotary drive and speed reducer

via transfer joints, and a drain cover having a hole for draining wash water from the tank, which is disclosed as an essential element of claimed invention, as described in claims 1 & 2 and argued by applicant. For at least the foregoing reasons, claims 1-4 & 6-36 are believed to recite patentable subject matter.

5. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
